5 in 1 Special Profit Report for your FREEDOM

## July 4<sup>th</sup> Special **FIREWORKS**

Offer expires midnight Saturday July 8<sup>th</sup> 2017 EST.

from  
Gordon Jay Alexander

The reason for this special is, July 4<sup>th</sup> is my favorite Holiday. In 1968 it was my last day of freedom, the Navy began for me the next morning.

July 4<sup>th</sup> 1972 was my last day in uniform, FREEDOM at last. Don't get me wrong, those 4 years were good for me, but not having to obey anyone was truly a remarkable feeling. It has been a 45 year feeling I've tried to maintain.

So, I celebrate that freedom every year, and this year, you are getting some good deals. If you are still in the rat race, and you think some extra money would help toward your FREEDOM, get this before it goes away, it is only 10 bux and disappears on Saturday, July 8, giving you a full week to grab it for your own good.

### **The 5 in 1 report has these special sections:**

**Section One:** Buying and selling stuff for quick and easy profits, based on *THE CHATTEL REPORT*; *THE SPRINT TO FREEDOM*. This has been my best seller, for over 20 years now. In this 5 in 1 report you get a current look at buying and selling today. This includes a special detailed section on how to increase your profit by just 10% and get to freedom in only 6-9 months.

- How to use eBay to find market value of stuff
- How to search Craigslist for high profit chattel
- Local papers are still a good source

- Top selling evergreen items which are always in demand
- How to form an investor club for higher profit chatteling

**Section Two:** *Automatic Product Vending* sites, the fastest and easiest way to begin to making Internet Marketing profits. You will see several examples of APV sites that have been on Auto Pilot for over a decade, as well as sites created within the last month.

**An APV site is simple, a customer puts money in,  
pushes button,  
product comes out.**

Two large APV sites are iTunes and Amazon Kindle. You may have used these sites, paid for a song or Kindle book, and got your product instantly. You can easily set up one of these profit centers quickly and do several a year. Once you have your APV site up, it is automatic, absentee business profits.

You could have affiliates for your APV sites and have a network of sellers making you money while you sleep. It can be very **passive** income, and last for years.

- You will have a complete process you can follow from concept to ready for business
- You will get a dozen tested and proven ideas for your overnight products
- Special invitation to get an APV site done for you (very limited, 1<sup>st</sup> come, 1<sup>st</sup> served)

**Section Three:** The FREE way to start your IM empire. Here you find all the free tools you need to create products, host your promotions and begin to generate income without spending a dime, you could even run a business from your local library.

This is an update to a WSO I did several years ago. It details how you can start for free to test your concept, work out a plan and gets you started without investing a single dime. You can spend hours, even days, tracking all this down, but here it is in a convenient to use section of its own. Try FREE before you spend any of your hard earned money. I have Case Studies for you too.

**Section Four:** Fascination/Hypnosis. Very rarely discussed, but in this report you learn how to develop *charisma* and how to use this skill to make sales whether of things, ideas or yourself. If you apply it to meeting people, it is the most powerful tool in your box for attracting a soul mate, sex mate or one night relationship. Very rare and extremely powerful.

This section can't be found anywhere else. It gives you practice exercises, explanations and details to one of the most fascinating subjects you can ever study; the direct influence of another person via the faculty of sight.

**Section Five:** Writing for money. Can you write? Do you have a good command of the English language? We've written over 64 books, special reports, HOTSHEETS, cheatsheets, folios and have ghosted other people, written PLR, adjusted PLR, letters, promotions and we're ready to reveal how you too can cash in. Writing short reports has been my bread and butter for over 20 years and I'll give you the inside scoop on converting your words to cash.
